Introduction xv

Chapter 1: Antisocial Behaviour 1

CHARACTERISTICS AND RELATED ISSUES 3

Dangerously Violent Adolescents 3

Psychiatric Disorders in Children Involved in Bullying 4

Profile of Youth from a Low-Income Urban Community 5

Differences between Mothers' and Fathers' Perceptions
of Their Children's Antisocial Behaviour 7

CAUSES AND CONTRIBUTING FACTORS 9

Exposure to Violence and Emotional State 9

Effects on Youth Exposed to Domestic Violence 10

Television and Violent Behaviours 11

Temperament and Behaviour 12

Early Behaviour Problems and Teen Pregnancy 14

Adult Criminal Behaviour Can Be Predicted 15

Predicting Disruptive Behaviour in Preschoolers 16

Predicting Behaviour Problems from Kindergarten Assessments 17

The Effects of Bullying Behaviours on Primary-School Children 18

Factors Contributing to Bullying 20

What Causes Persistent and Severe Antisocial Behaviour? 21

Impulsivity and Antisocial Behaviour 22

Reading Disability and Problem Behaviours 24

Parenting and Hyperactivity 25

Fathers and Preschool Behaviour Problems 26

| Treatments for Antisocial and Aggressive Behaviour in Children | 80 |
| | |
| Chapter 3: | |
| Conduct Disorder, Oppositional Defiant Disorder and Other Disruptive Behaviour Disorders | 83 |
| CHARACTERISTICS AND RELATED ISSUES | 85 |
| Conduct Disorder and Age of Onset | 85 |
| Stability of Diagnosis in Preschool Years | 86 |
| Findings on Disruptive Behaviour Disorders | 87 |
| Abuse among Girls with Disruptive Behaviour Disorders | 90 |
| Predicting Conduct Disorder in Girls | 92 |

CAUSES AND CONTRIBUTING FACTORS 93

Response Inhibition in Children with Disruptive Disorders 93

Genetic and Environmental Factors in Conduct Disorder 94

Mental Disorders in Low-Income and Homeless Youth 95

Hyperactivity and Reading Disability 97

Parenting Practices and Conduct Disorder 98

PREVENTION 99

Conduct Disorder: It Can Be Prevented 99

Early Intervention Reduces Behaviour Problems in Adolescence 101

Aggression Prevention and Intervention Programs 103

Parent-Teacher Training 107

Nurse Home Visitation, Maltreatment and Early Onset
Behaviour Problems 108

TREATMENT 109

Parents' Perception of Treatment and Treatment Outcome 109

Family Therapy for Conduct Disorder 111

Child Training Program Produces Good Results 112

Effective Treatments for Conduct Disorder 114

Effective Psychosocial Treatments for Youth with
Conduct Disorder 116

**Chapter 4:
Attention-Deficit Hyperactivity Disorder 121**

CHARACTERISTICS AND RELATED ISSUES 123

ADHD: Etiology and Contributing Factors 123

ADHD and Oppositional Defiant Disorder 123

ADHD and Mood Disorders 124

Children with ADHD Almost Always Have Other Disorders 126
